## **Executive Summary**

Bahama Mamas is a brand new establishment for Los Santos City that will provide drinks and food for the community and have a brand new look and feel. We wanted to create this business to entertain and collaborate with the district. And provide a safe environment where individuals can hang out and unwind from their daily stresses. We have entered this great City And have noticed many restaurants offer quick meals but only a few establishments where people can sit down, relax and enjoy some time with their friends or just listen to a great beat from the Jukebox. Bahama Mama's will not just be another bar and grill But a family-owned business by the people who protect this city as police officers And others who help this City To thrive.

## **Structure and Management**

**Jason Wildman** - Founder / Chief Executive Officer

**Shadow Wolf** - Founder / Chief Operations Officer

**Skylar Wolf** - Founder / Chief Marketing Officer

**Alexa Wolf** - Founder / District manager

Loaded nachos  
Beer burger  
Loaded french fries  
Crab cakes

BAHAMA MAMAS  
IS  
NOW CLOSED

## Projected Goals and Features

1. Establish a brand new design and layout than the previous one. You may look at the proposal layout by going to <https://fiv3devs.tebex.io/package/5150980>. Unfortunately, this does cost money, but one of our Founders, Alexa Wolf, will gladly pay for it by sending the capital where you have full rights and usability for future projects if we decide to leave this establishment.
2. We would like to have vast storage space for pre-made meals, so we're constantly ensuring we are ready for customers.
3. A solid location that is popular but approved by the government and that best fits the city.
4. We will have an individual policy that will allow us to stop serving alcohol after 2:00 a.m. to ensure everyone is safe and can get home reasonably.

## Conclusion

Thank you for taking the time to read this proposal. I hope you see this opportunity to help Thrive and grow the city to a neutral agreement between the great city of Los Santos and the people. Let one of us know. We are greatly appreciative and excited to start this new establishment.

Thank you

Jason Wildman
